SUMMARY

Results-driven and aspiring Software Engineer with hands-on experience building responsive web and mobile applications using modern frameworks. Proficient in API integration, system design, and full-stack principles to deliver scalable, real-world software solutions. Seeking a Frontend or Full-Stack Developer position to contribute technical problem-solving skills to a dynamic tech team.

EDUCATION

Kasetsart University

Apr 2026

Bachelor of Science in Computer Science

GPA: 2.73

EXPERIENCE

Tamkang University, Taiwan

Oct 2025 – Jan 2026

Machine Learning Intern

Taiwan

- Researched and developed 64-bit watermark embedding using diffusion models (DDPM, DDIM)
- Trained neural networks (Embedder/Extractor) using PyTorch and AdamW optimizer
- Achieved 98.07% validation bit accuracy and improved inference efficiency
- Optimized model performance using deterministic sampling methods
- Technologies: Python, PyTorch, Diffusion Models, Hugging Face

FutureSkill

Apr 2025 – Aug 2025

Front-End Developer Intern

Thailand

- Implemented external integrations including affiliate links and course applications
- Fixed UI component bugs and improved platform stability for B2C learning system
- Collaborated with senior developers to debug and optimize frontend performance
- Technologies: Next.js, TypeScript, NextAuth.js, TailwindCSS, Line LIFF

SOPet Co., Ltd.

Jan 2025 – Apr 2025

Front-End Mobile Developer

Thailand

- Developed mobile features using React Native and TypeScript
- Implemented secure delete flow with confirmation modal to prevent data loss
- Resolved push notification issues to ensure real-time updates
- Added camera functionality for user-generated content posting
- Technologies: React Native, Firebase Authentication, MongoDB, Expo

TEDxKasetsartU Salon 2025

Sep 2024 – Dec 2024

IT Director

Thailand

- Led development of ticket booking system with automated email notifications
- Designed registration system to manage attendee data efficiently
- Technologies: Django, Python, TailwindCSS, JavaScript

TEDxKasetsartU 2024

Aug 2023 – Mar 2024

Front-End Developer

Thailand

- Developed UI for ticket booking web application
- Collaborated with backend team to deliver full-stack solution
- Implemented automated email confirmation system
- Technologies: HTML, CSS, FastAPI, Python, TailwindCSS, JavaScript, App Script

PROJECTS

Furniture Retail Website
Full-Stack Developer

Jun 2024 – Oct 2024
Academic Project

- Developed full-stack e-commerce system with order and manufacturing features
- Implemented product categorization, promotions, and cart functionality
- Designed UI using Figma and collaborated in Agile environment
- Technologies: PHP, MySQL, JavaScript, HTML, CSS

E-Commerce Fashion Mobile App
Mobile Developer

Dec 2024 – Mar 2025
Academic Project

- Developed mobile app for browsing fashion products and recommendations
- Integrated Firebase Authentication, Firestore, and Cloud Storage
- Implemented user profiles, posts, and product interaction features
- Technologies: Flutter, Dart, Firebase

AR Racing Game
XR Developer

Jul 2023 – Oct 2023
Academic Project

- Developed interactive AR game with real-world object tracking
- Implemented scoring system and movement controls
- Optimized 3D assets for performance in Unity
- Technologies: Unity, C#, Vuforia, Blender

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, TypeScript, PHP, C#, Dart
- **Frontend:** React, Next.js, TailwindCSS, HTML, CSS, React Native
- **Backend:** Node.js, Django, API Development, Authentication Systems
- **Mobile:** React Native, Flutter, Expo
- **AI / ML:** PyTorch, Diffusion Models (DDPM, DDIM), Model Training
- **Tools:** Git, Firebase, MongoDB, Postman, Figma, CI/CD, Jenkins
- **Concepts:** Full-Stack Development, System Design, Debugging, Software Engineering

LANGUAGES

Thai (Native), English (TOEIC 725), Chinese (Basic)
